

**APPROVED REGULATION OF THE
BOARD OF WILDLIFE COMMISSIONERS**

LCB File No. R128-23

Filed April 19, 2024

EXPLANATION – Matter in *italics* is new; matter in brackets ~~omitted material~~ is material to be omitted.

AUTHORITY: §§ 1-3 and 5-8, NRS 501.105, 501.181, 504.140 and 504.143; § 4, NRS 501.105, 501.181, 503.150, 504.140 and 504.143.

A REGULATION relating to wildlife; establishing the Mountain Unit and Meadow Unit within the Steptoe Valley Wildlife Management Area; prohibiting certain acts within the Pole Canyon Cooperative Wildlife Management Area; revising restrictions on the use of certain weapons and ammunition in certain wildlife management areas; revising provisions governing campfires, camping and trapping in certain wildlife management areas; revising restrictions on the construction and use of blinds in wildlife management areas; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law requires the Board of Wildlife Commissioners to establish policies and adopt regulations necessary to: (1) preserve, protect, manage and restore wildlife and its habitat; and (2) carry out the provisions of title 45 of the Nevada Revised Statutes governing wildlife. (NRS 501.105, 501.181) Existing law also authorizes the Department of Wildlife, with the approval of the Commission, to enter into agreements with landowners to establish wildlife management areas and to enforce regulations necessary for the purpose of providing greater areas for the public to hunt or fish on private lands. (NRS 504.140) Existing law authorizes the Commission to prescribe by regulation, among other things, the manner and means of taking wildlife in state-owned wildlife management areas created and maintained by the Commission. (NRS 504.143)

Section 2 of this regulation provides that the Steptoe Valley Wildlife Management Area is comprised of the Meadow Unit and the Mountain Unit. **Section 2** provides that the: (1) Meadow Unit is comprised of that portion of the Steptoe Valley Wildlife Management Area that is located within Unit 111 or Unit 222 and is west of the boundary line of Cave Lake State Park; and (2) Mountain Unit is comprised of the remaining portion of the Steptoe Valley Wildlife Management Area.

Section 3 of this regulation: (1) establishes the Pole Canyon Cooperative Wildlife Management Area in cooperation with landowners in Pole Canyon; (2) prohibits a person from engaging in certain activities within the Pole Canyon Cooperative Wildlife Management Area; and (3) adopts by reference the "Pole Canyon Public Access Easement" and sets forth where a copy of such record is available for inspection. **Section 3** also authorizes a person to: (1) operate a motor vehicle or bicycle, including a motor vehicle or bicycle that is electric or battery electric,

in certain areas to access the Pole Canyon Cooperative Wildlife Management Area; and (2) provide a guide service in the Pole Canyon Cooperative Wildlife Management Area if such activity is approved by certain parties.

Existing regulations prohibit: (1) the discharge of a rifle or pistol in certain wildlife management areas; (2) with certain exceptions, the use of shotguns capable of holding more than three shells on all wildlife management areas owned or managed by this State; and (3) the use or possession of shells for a shotgun containing shot that is toxic or larger than standard-size T on certain wildlife management areas. Existing regulations also authorize a person to hunt deer on the Mason Valley and Wayne E. Kirch Wildlife Management Areas using: (1) shotguns and rifled shotgun slugs or shotgun rounds with sabots that contain a single expanding projectile; and (2) bows and arrows. (NAC 504.135) **Section 4** of this regulation: (1) additionally prohibits the discharge of a rifle or pistol in the Argenta Wildlife Management Area; (2) eliminates the prohibition on the use of shotguns capable of holding more than three shells on all wildlife management areas owned or managed by this State; and (3) additionally prohibits the use or possession of shells for a shotgun containing shot that is toxic or larger than standard-size T on the Carson Lake and Argenta Wildlife Management Areas and the Meadow Unit of the Steptoe Valley Wildlife Management Area. **Section 4** also authorizes a person to hunt big game mammals on the Mason Valley, Wayne E. Kirch and Argenta Wildlife Management Areas using: (1) shotguns and rifled shotguns slugs or shotgun rounds with sabots that contain a single expanding projectile; and (2) bows and arrows.

Existing regulations: (1) prohibit campfires and bonfires in wildlife management areas; and (2) exempt certain wildlife management areas from such a prohibition by permitting campfires in certain wildlife management areas. (NAC 504.140) **Section 5** of this regulation expands such exempt wildlife management areas to include the Mountain Unit within the Steptoe Valley Wildlife Management Area. **Section 5** also provides that the exception is subject to any fire restriction order issued by this State or any federal agency.

Existing regulations: (1) prohibit camping in wildlife management areas; and (2) exempt certain wildlife management areas from such a prohibition. (NAC 504.145) **Section 6** of this regulation expands such exempt wildlife management areas to include, in the Steptoe Valley Wildlife Management Area: (1) any area within the Mountain Unit that is more than 0.5 miles from Success Summit Road; and (2) any site designated for camping that is 0.5 miles or less from Success Summit Road.

Existing regulations authorize a person to construct a hunting blind on any wildlife management area if, among other things, the blind is: (1) temporary and portable; and (2) based on the wildlife management area, constructed of certain material. Existing regulations also: (1) provide that a supervisor of a wildlife management area must approve the plans for a blind before a group of persons may construct the blind; (2) provide that sunken blinds, and barrels and boxes used as sunken blinds, must be covered when not in use; and (3) prohibit the use of a sink box. (NAC 504.160) **Section 7** of this regulation eliminates such restrictions on the use of blinds and instead provides that a blind must be: (1) temporary and constructed of material found on the wildlife management area; or (2) portable. **Section 7** also provides that a portable blind that is not used to hunt big game mammals must be removed daily from the wildlife management area.

Existing regulations: (1) prohibit trapping on wildlife management areas; and (2) create an exception to such prohibition by authorizing a person who has a permit to trap to do so on certain wildlife management areas. (NAC 504.170) **Section 8** of this regulation expands such

exempt wildlife management areas to include the Bruneau River and Carson Lake Wildlife Management Areas. **Section 8** also prohibits trapping in any area that is 0.5 miles or less from any site designated for camping within the Mountain Unit of the Steptoe Valley Wildlife Management Area.

Section 1. Chapter 504 of NAC is hereby amended by adding thereto the provisions set forth as sections 2 and 3 of this regulation.

Sec. 2. *The Steptoe Valley Wildlife Management Area is comprised of the Meadow Unit and the Mountain Unit. The:*

1. Meadow Unit is comprised of that portion of the Steptoe Valley Wildlife Management Area that is located within Unit 111 or Unit 222, as designated in NAC 504.210, and is west of the boundary line of Cave Lake State Park; and
