

**Species:** Desert Bighorn Sheep

**Unit Group:** 280

**Hunt Geometry ID:** 15

**Hunt ID:** [680]

**Access:** Unit 280 comprises the Spotted Range on the western edge of Clark Lincoln Counties. The entire unit is within the boundary of the United States Department of Defense's Nevada Test and Training Range (NTTR South Range) and has no public access. The unit is co-managed with the USFWS Desert National Wildlife Range. Terrain varies from fairly level, unbroken bajada to steep, rocky canyons and broken ledges. Elevations range from 3,280' to 6,266' atop Aysees Peak. There is no scouting allowed before the season opener. Tagholders and their hunting party are only allowed access to the Pintwater Range the day before the season opener through the restricted Point Bravo Gate for the South Range

**Recommended Hunting Areas:** West of Spotted #1 water development and vicinity of Spotted #6 water development.

**Biologist Comments:** Full services are available in Las Vegas, and some services are available in Indian Springs. Primitive camping is the rule.

To apply for hunts on, or gain access to the NTTR South Range, hunters and everyone in their hunting party must comply with all Nevada hunting requirements and then meet the following NTTR requirements:

- 1) Consent to and pass a criminal background check.
- 2) Be 14 years of age or older.
- 3) Attend and comply with the NTTR South Range hunter safety briefing if successful in obtaining a tag.
