Legislative Counsel's Digest:

Existing law requires the Board of Wildlife Commissioners to adopt regulations requiring the Department of Wildlife to make public its comments on drafts of statements concerning the environmental effects of proposed federal actions or regulations on public lands. (NRS 501.181) Existing regulations require the Department to: (1) maintain a record book of such comments for 2 years; (2) enter its comments in the record book before the comments are submitted to the State Planning Coordinator or the appropriate federal agency; and (3) make the contents of the record book available upon request at the Department's offices. (NAC 501.100) **Section 1** of this regulation revises these provisions by requiring instead that the Department: (1) maintain a record of such comments in accordance with a schedule for the retention and disposition of official state records; and (2) make the record available upon request.

Existing law requires the Commission to establish a system of assessing demerit points for wildlife convictions and authorizes the Commission to adopt such regulations as necessary to administer the system. (NRS 501.1814, 501.1818) Existing regulations provide that a person who is convicted of a wildlife violation will be assessed demerit points according to a set schedule. If a person is convicted of committing a wildlife violation that does not appear in the schedule, that person will be assessed 3 demerit points. (NAC 501.200) **Section 2** of this regulation revises the schedule of demerit points and provides that no demerit points will be assessed for certain violations.
